He also won the Sword of Honour and the Ground Subjects Trophy.

Hasan Parvez, School Head Boy and House Captain of Fury House, receiving the Chigwell Shield from the C-in-C on Founder's Day, 1963.

Fazle Qadir receiving the Sword of Honour at the Passing Out Parade at the P. M. A. Kakul in April, 1962, when Sargodhians took the first three places, viz., Ashraf (105F), Shahid (104S) and Qadir (131A).

EDITORIAL.

This journal covers the period from February, 1962, to March 9th, 1963—Founder's Day, when the finals of the Athletics Sports, the last item in the Inter-House Competitions, were held and Fury became the Champion House.

On the academic side results were highly satisfactory. Our 15 F.Sc. Second Year candidates all passed, with 7 1st Divisions, 7 2nd Divisions and only 1 3rd Division. Our 11 First Year candidates followed their example. In the Matriculation we had 12 candidates, of whom 10 secured 1st Divisions and the other 2 high 2nd Divisions. The most remarkable feature of the result was that no less than 33% secured Government Scholarships. Two candidates out of 30 failed in the Senior Cambridge Examination—a very satisfactory result considering the comparatively high standard of this examination and the comparatively low age of our candidates.

The number of boys who joined the P. A. F. College, Risalpur, during the year was 24—our highest ever. Moreover, an ex-Sargodhian—Nasir Mahmud Butt—won the Sword of Honour at the Passing Out Parade in January, 1963, and another seems likely to win it in June. The Sword of Honour at the P. M. A., Kakul, was also won by an ex-Sargodhian—Fazl-e-Qadir—at the Passing Out Parade in April, 1962, when ex-Sargodhians distinguished themselves by taking the first three places.

In Sports the highlights of the year were the winning of the W. Pakistan Junior Athletics Championship at Lahore, and the C. T. I. Basketball Tournament at Sialkot.

The record number of 31 boys gained their 'Wings' at gliding during the year. Aero-modelling, in spite of a shortage of models, continued to flourish and we were able to repeat our previous year's display on Founder's Day on a more ambitious scale.

We welcome back Mr. Nasir Chaudhry from the U. K., where he distinguished himself by topping his course for the Certificate of Education at Nottingham University. Mr. Rehman Qureshi is at present undertaking the same course at Southampton University and we are sure he will likewise enhance his own and the School's reputation. We owe a debt of gratitude to the British Council, whose generosity made it possible for these two members of the Staff to proceed on these courses.

Perhaps the most noteworthy improvement of the year was to be seen in the School Library, where Mr. Shafqat's untiring efforts have borne excellent results, and the Library is now more in keeping with the standard of a Public School than was once the case.

For the information contained in this journal we are greatly indebted to Hasan Pervez, the School Head Boy, and those who have assisted him in producing the School News Sheet, which is a faithful weekly record of the School's activities.

ACADEMICS

Intermediate Examination (F.Sc. : Non-Medical), June, 1962.

For the first time for many years we entered some candidates for the F. Sc. Examination, and are pleased to record that they achieved outstanding success. Of the 15 candidates, 7 passed in the 1st Division, 7 in the 2nd, and 1 in the 3rd. This was the best result of any institution in Pakistan. Details are as follows :

- 1st Division :* Ali Azam Khan, Iqbal Jawaaid Unus, Mohd Humayun Khan, Syed Zakir Hasan, Maqsood Amir, Shahid Zulfiqar, Iktidar Hussain.
- 2nd Division :* Mohd Gulzar Bhatti, Syed Ghaffar, Islam Mustafa, Mohd Akram Khan, Zahiruddin, Hamed Rauf, Waheed Iqbal.

First Year (F. Sc. : Non-Medical) Examination.

This was the first time this Examination was ever held and we entered 11 candidates. All passed, with Safi Mustafa topping the list. Divisions are not awarded in this Examination.

| S. Akbar Hossain. | |

Senior Cambridge School Certificate, November, 1961.

Although we did not manage to maintain our previous year's 100% pass record, the result was nevertheless highly satisfactory, especially considering that nearly half the candidates had been at the School for only just over three years. Of the 30 candidates, 27 passed, one gained a G. C. E., and 2 failed.

There were no failures in English Language, Mathematics, Bengali and Higher Urdu. Two candidates—Abdul Mannan and Shahid Aziz—obtained Distinctions in English Language—a rare feat. Abdul Rauf, Ahmad Saeed and Imtiaz Ali Rastgar gained Distinctions in Urdu ; while Abdul Mugeet gained a Distinction in General Science. Aliuddin and Abdul Mannan topped the list with 19 points each.

Details are as follows :

- 1st Division :* Abdul Muqet, Abdul Rauf Khan, Aliuddin, Imtiaz Ali Rastgar, Abdul Mannan, Syed Safi Mustafa.
- 2nd Division :* Ahmed Saeed, Azad Ayub, Faez Mehdi, Jaseemuddin Ahmed, Mohd Kaiser Aziz, M. N. Saleem, Mushtaq Ahmed, Nazrul Islam, Quasem Chowdhury, Saeed Anwar, Shafiq Alam Farooqi, Shahid Aziz Siddiqi, Tariq Nazir Syed.

RISALPUR NEWS

Within the period under review, 4th February, 1962, to 9th March, 1963, 24 Sargodhians joined the P. A. F. College, Risalpur, viz.

February Course : 37th G. D. (P)

24-F	Manzar Hameed.	243-F	N. A. Najmi
181-F	Arshad Latif.	265-T	Md. Ashraf Hussain.
211-F	Shamsuddin.	321-F	Saeed Sadiq.
216-F	A. A. Kashem.		

August Course : 38th G. D. (P)

260-T	Maqsood Amir.	306-T	Mahmud Saqlaan.
279-A	Zahid Rashid.	323-A	Aliuddin.
286-T	Momin Arif.	340-A	Mushtaq Ahmed.
288-S	Tariq Nazir Syed.	356-T	Safi Mustafa.
301-A	Shahid Zulfiqar.	371-T	Abdul Rauf Khan.

February Course : 39th G. D. (P)

316-F	Waheed Iqbal.	382-A	Quasem Chowdhry.
337-A	Nazimullah.	384-S	Solat Javed.
354-A	Masood Anwar.		

More important than the mere number, however, is the fact that Sargodhians have been faring remarkably well at the College both in the Entry Tests and Terminal Tests. Najmi (243-F) topped the 37th Entry, while Safi and Maqsood topped the list of the 38th Entry, in which Sargodhians occupied 8 of the first 11 places. In the 39th Entry Test, Saeed Anwar, Nazimullah and Waheed Iqbal took the first 3 places and 5 Sargodhians were in the first 7 places.

The outstanding achievement of the year, of course, was that of Nasir Mahmood Butt (207T), who won not only the Sword of Honour but also the Flying Trophy and Ground Subjects Trophy at the Passing Out Parade of the 35th Course, in January, 1963. When he passed out, Waleed, who had topped his Course, took over as Wing Under-Officer and is thus likely to become the next Sword of Honour winner Akmal, who has done exceptionally well at flying, became a Senior Under-Officer and is expected to win the Flying Trophy. Safi distinguished himself by being the only Cadet of his Course to obtain Grade 8 in the terminal test at Risalpur in December, 1962, Maqsood taking second place.

During the course of the year four Sargodhians were sent to the U.S.A for training, viz Shafiq Haider, Riaz Choudhry, Shahid Raza and Shaukat Khalil; while Hasan Varis proceeded to the R. A. F. College, Cranwell, U. K.

NEWS FROM KAKUL

The Passing-Out Parade in April, 1962, was a veritable triumph for the Sargodha Old Boys. Altogether 107 Cadets passed out and the top three were ex-Sargodhians, viz. Senior Under-Officer Ashraf (105F), Senior Under-Officer Shahid (102S) and Senior Under-Officer Fazle Qadir (131A). The latter achieved the distinction of winning the coveted Sword of Honour—the third Sargodhian to do so. Also passing out were Bn. Sgt. Major Zia (143A) and Coy. Sgt. Major Babur (154S), who occupied the 10th and 24th positions respectively.

The following are now at the P.M.A.

3rd TERM	2nd TERM	1st TERM

OTHER OLD BOYS' NEWS

Farooq Maroof (193A) topped the Karachi Grammar School candidates in the Higher Cambridge (Science) in 1961 and Humayun Qutb (162S) topped the Higher Cambridge (Arts) candidates.

Zakir Hasan (255S), Mohd Akram (302T), Syed Ghaffar (282S) and Mohd Humayun Khan (224T) joined the Engineering University, Lahore, in September, 1962. The first three did so under the Army Civilian Scholarship scheme.

Iqbal Jawaid Unus (218F) and Ali Azam (215A) won Inter-Wing Scholarships. The former is now studying (in the intervals between strikes!) at Dacca University, while the latter is studying Nuclear Physics at Government College, Lahore.

Hamed Rauf (307F) has proceeded to the U.K. to join the Chelsea College of Automobile Engineering.

Saleem Hasan (242S) is now in Canada studying Chartered Accountancy.

Farooq Ali (277F) is now in Scotland studying Jute Technology.

Syed Abid Hussain (121T) has joined the Pakistan Naval Academy. He has completed his initial six months' training at the P.M.A., Kakul.

THE ROYAL AIR FORCE COLLEGE, CRANWELL.

It was on the 8th of January, 1961, at about 1800 hours, that our P.I.A. Boeing 707 touched down at London Airport. Two days later I was starting the first day of a 3 year training course at the R.A.F. College, Cranwell.

To the Royal Air Force, Cranwell is what Risalpur is to our Air Force. It provides the R.A.F. with the cream of the nation's youth. Look back into the R.A.F. history and you will see that many aces first learned to fly at this College. The inventor of the jet engine, Sir Frank Whittle, and the famous Douglas Bader, who flew combat sorties with artificial legs, were both ex-Cranwell cadets. There are countless others. It is by producing such famous men that Cranwell has earned for itself a leading place in the World's Air Universities.

The College was founded in 1920, but it was a very small affair. Later on, however, in 1934 when the significance of Air Power was beginning to dawn, Cranwell underwent a major expansion programme. Two vast messes were constructed, the airfield was paved, and a full flying and academics syllabus was introduced. During the Second World War the College was temporarily shut down, the airfield being used to train flyers at top speed. However, in 1946, normal training was resumed. The following year, the King's Colour was bestowed on the College. The colour is awarded only to the best units and Cranwell was the first in the R.A.F. to get it.

The training at Cranwell is spread over three years. During the first, one concentrates mainly on academics, but a little bit of flying (in D.H. Chipmunks) is thrown in to keep up one's interest in aviation. The last two years are devoted mainly to flying training (in Jet Provosts) and to officer training. The aim here at Cranwell is to produce not only good pilots but also excellent officers. On graduating successfully from here, one gets a permanent commission in the Service.

I have been here for over two years now and it has been a wonderful experience. No doubt I have learned a great deal. I have formed the impression that the flying training here is of the same standard as that at Risalpur, but the officer training is vastly superior. Every cadet at Cranwell is given ample time and opportunity to exercise command and leadership of men. All of us have to go through a 15 day survival course and various other tactical exercises which test a man's endurance to the maximum. We spend a great deal of time in learning how the Air Force is run and how an operational station is administered. The training is intensive and so it should be. In any peace-time air arm, it is officers that can undertake various jobs that are required more than pilots with great flying skill only.

A little "Dhobi" work during a picnic to the Chenab.

But Cranwell is not all hard work. We get about 12 weeks total leave in a year—3 weeks at Easter, 6 weeks in Summer and 3 weeks in Winter. However, we are encouraged not to while away our leave periods. There are countless clubs and societies that are particularly active during vacation time. I myself have visited France, Switzerland, Spain, Belgium and Scandanavia, either on my own or with a College society. This Easter leave we are scheduled to make a ten-day trip to the U.S.A. This, like many others, is a service trip which is financed by the College. You will have seen almost half the world by the time you graduate from Cranwell.

This year, Flt/Cdt. Varris (ex-43T) has joined the College and this makes two of us ex-Sargodhians keeping the School flag flying here. I am certain that the P.A.F. will continue its present policy of sending its cadets to Cranwell, and I am sure that we are going to see a lot more ex-Sargodhian faces around here in the future.

TAKE IT EASY

When first admitted to this School,
I was regarded as a fool
Because I tried my very best
To top the class in every test.

I did the prep I had to do,
Was punctual at all times too,
Obeyed the masters and the prefects,
And strove my best to cure my defects.

But now that two years here have passed,
My place in all exams is last;
I'm late for P.T., Class and Drill,
When there's a test I'm always ill.

And when I'm covered with abuses,
I'm quite an expert at excuses:
To study hard is most unwise;
It certainly affects the eyes;
While getting up at break of day
Brings coughs and colds—the doctors say.

FURY HOUSE REPORT

<i>Housemaster :</i>	Mr. Haq Nawaz.
<i>Asstt: Housemaster :</i>	Mr. Iftikhar-ud-din.
<i>P.T.I.</i>	Flt./Sgt. Usman.
<i>House Captain :</i>	Iqbal J. Unus (1st Term) Hasan Pervez (2nd Term)
<i>School Prefect :</i>	Hamid Rauf (1st Term) Azad Ayub (2nd Term)
<i>House Prefects :</i>	Waheed Iqbal) (1st Term) Hasan Pervez) Nabi Saleem) (2nd Term) Javed Latif)

Since we last drew the curtain across our life for the year 1961, 'Fury' has witnessed a number of changes and among them, of course, the human change comes first. A school is a two-way traffic stream where boys make 'their exits and entrances', and consequently, since last year, we have had to say good-bye to Iqbal Jawaid, Waheed Iqbal, Hamid Rauf, Iqtidar, Mashkoor, Amjad Qurban, Mohd Rafique, Saeed Sadiq, Saeed Anwar, Anis Fazal and last, but not the least, Salam. The names of new members of the 'Family' are given at the end of this report.

Among the other changes, we are indebted to the Principal for providing mosaic flooring in the House and giving us a new Radio set. We have, ourselves, spent a good bit from our pockets and improved the Radio Room a great deal. Credit is due to the boys for cutting a slice from their pocket money and to Ilyas for taking a keen interest in the improvement made.

As for other activities, we might say that history repeats itself and that in the case of Fury it has done so more than once. We have won the coveted Chigwell Shield for the best all-round performance for the fifth time since the Trophy was started in 1955. May we say, without conceit, that the number of times we have been champions is equal to all the other Houses put together. Well done Furious Furians of Fury, both old and present !

To give the story in detail, we fared better at Cricket this time since we improved our position from fourth to second. While in the seniors Azad turned out to be a new find as a bowler, in the Juniors Riaz, Azmat, Feroze and Saeed Afzal brought us

Fury House : Winners of the Chigwell Shield 1962-63.

laurels and showed promise for the future.

At Indoor Games we surprised everyone by getting the first position. While Azad, the 'lucky captain', worked hard in the Seniors, Sajjad (Capt.) and Arshad were the school junior champions at Table Tennis and Chess respectively. The last two are outstandingly good players for their age.

We were first equal with Sabre at Basketball. We did lose one senior match ; but it was not to an inferior team. Iftikhar, the 'Senior Junior' both in height and skill, and 'Bilal' among the Juniors played with outstanding spirit. Rauf, Masoom and Zia displayed skill of high degree.

Though we lost the Debating Cup, Iqbal and Pervez spoke extremely well and the latter brought us a feather in the cap the following term by being declared the best speaker at the Inter-Public School Debate held at Abbottabad.

In the following term, we had to remain contented with the third position at swimming as other Houses were lucky to have good swimmers like Quasem, Mehdi, Muqeet and Jasheem back in the F.Sc. Form, and we were also handicapped by having a very small 10th Entry which were the senior-most juniors. In fact we suffered from this handicap in all competitions. 'Arshid' (Capt.) once again, however, proved to be outstandingly good at diving.

Fury coming first with Sabre at Football was a shock to some as we had hardly a single skilful player. It was, however, again the Fury 'Kill Yourself' spirit which worked the miracle.

At Hockey we displayed both skill and spirit and had little difficulty in retaining the Trophy. Fury Seniors avenged their Football defeat at Hockey against Sabre with a convincing win by four goals. Though everyone played a dashing game, Riaz, Masoom, Sikandar, Zaka, Iftikhar and Azad were most prominent in the Seniors, while Ehsanullah (Capt.), Saeed Afzal, Kausar and Arshad excelled among the Juniors. Wahid set an example by playing at a place other than his choice in the interest of his House. Feroze, though only from the 12th Entry, is full of 'Fury Spirit' and has already established himself as the best all-round sportsman among the Juniors.

Losing the P. T. Cup by half a point to Attacker is a sore point with us as we had never lost the Trophy before and according to the general opinion our performance was head and shoulders above anyone else's.

Once again, we retained the 2nd position at Drill. Our general smartness and turn-out were again about the best and the Senior Flight was once again beaten by a very narrow margin.

Since we had lost our main athletes -Rauf, Iqtidar and Kaiser -this year we lost our cherished Athletics cup to Sabre, who certainly deserved it as they worked harder than we did and were also lucky to have Shafique back. Yasin's feat, however, of clearing 8 feet 5 inches in the Pole Vault at the age of 12½ years is certainly remarkable. Asghar (capt.), Arshad and Ehsanullah all showed considerable promise.

As a Public School aims at developing the 'whole man', body, mind and spirit, we have maintained a balance of the three and we are glad to say that our achievements at academics were no less than in other directions for we shared the Trophy with Sabre. Besides, our success at the University Examinations was conspicuous and we obtained the maximum points in each of the four Examinations. While Iqbal Jawaid as usual topped the F.Sc., Mannan was declared first in the Senior Cambridge and Abdul Qadeer Mansoor was top in the Matriculation. In the Ist Year F.Sc., too, our average was the best. Iqbal has now gone on an Inter-Wing Scholarship to East Pakistan. Among others, Afzal, Marghoob, Mushtaq, Pervez Akhtar and Fazlur Rehman continue to bring credit to Fury.

Thus our all-round achievements were such that we had a convincing lead of ten points over our nearest rivals, the Saberites. This is probably the biggest lead any House has ever had.

Little would have been achieved without sound leadership and proper discipline and I must say that our appointment holders have set as good an example as can be expected from boys of the difficult adolescent age. They have been leaders rather than 'slave drivers' as in some other Public Schools. We did not confine our activities to the School campus. Picnics to the Chenab, and Lyallpur, cycle picnics to the countryside, the major one to Kalar Kahar, and social nights have been a part of our otherwise busy existence.

In the School sphere, Hasan Pervez continued to do a very useful job as the News Sheet Chief Editor and is also the School Head Boy. Fury also secured the Gliding Trophy, four boys gaining Category 'C' and eight achieving 'B' categories. Rauf was the Basketball Captain in the first term, and Masoom became the Gymnastics Captain.

As for the Old Boys, while Shafique is in the States, Farooq has gone as an exchange pilot to U.K. Five more have joined Risalpur and Saeed Anwar topped his Entry. Zaidi (124), Akbar (185) and Afzal (107) are doing well at the P.M.A.

Never before in the history of Sabre House has so much success been achieved as during the year under review. We shared the first place in Academics and won four other trophies, this being the largest number won by any house this year and the first time Sabre House has won so many. We also shared the Gliding Trophy, and thus we achieved success in all the three important activities of this school—Academics,

Sports and Gliding. We moved up to the more respectable second place this year and the possibility of winning the Chigwell Shield no longer seems so remote.

We started the year with some set-backs. The Cricket trophy was lost because of the poor performance of the Juniors. The Seniors also played without their Captain, Shafiqul Haque, who was down with Chicken Pox. Bhatti, Yousaf and Inayat played well, while Haji Ehtesham and Idrees bowled effectively. Haroon's performance in the Juniors was creditable. The House managed to get the second position in this competition.

The Debating Competition caused general surprise because this time the traditional winners were beaten by Zakir and Nasir in the Seniors and Juniors both. With the help of Shafique (369) and Mansoor, our debating team won the trophy which had so far never been lost by Fury House since its inception in 1958.

Our weak Chess & Draughts teams let us down very badly in the Indoor Games Competition. Gulzar Bhatti became the School Champion in Table Tennis while Zakir and Shafique (335) also remained unbeaten. Mizan and Mahboob (469) also did well.

The Basketball team added yet another feather to our cap by winning the trophy. The Seniors remained unbeaten throughout the competition. Bhatti and Ehtesham delighted the spectators by their outstanding performance, while Haroon, Hayat and Mahboob (469) in the Junior team put up creditable performances. This was followed by our usual indifferent performance at swimming in which the traditional lack of interest of this House should be replaced by keener efforts. The number of non-swimmers was, however, small and gives us some hope for the future.

The second term began with a resounding victory in the Football Competition. The senior team captain, Shafique (335), did his job magnificently and scored most of the goals. The whole team played a spirited game, but special mention should be made of Ghani, Yousaf, and Saiful amongst the Seniors, and Mizan, Arman, and Jawaid Malik among the Juniors, who made it possible for the House to retain the Football trophy for the second year running. This success, however, was followed by a very disappointing performance in Hockey. This was perhaps due to insufficient practice as a large number of boys were on gliding training, making it impossible to have practice with the full team. Mizan, Mumtaz and Shahid (522) played well for the Juniors while Tiwana, Shafique (335), Daud and Solat tried hard for the Seniors. The discreditable positions in Marching, P.T. and Gymnastics were partly responsible for our not getting the Chigwell Shield. But the year ended on a happy note because we not only annexed the coveted Athletics Cup for the first time but we also shared the Academic and the Flying trophies. The boys who brought us credit in the

academic field were Syed Zakir Hassan, Nayyer Iqbal & G.D.A. Rehman Khan (scholarship in matric.), Mohd Inayatullah (2nd in Senior Cambridge), Quazi Mohd Abdul Malik, Syed Azhar Ali Bokhari, Jamal Ahmed Ansari, Shahid Mahmood, Javaid Iqbal, Mohd Mizanur Rehman, Mohd Arman Habib, Zillul Majid, Mushtaque Ahmed and Rashid Ahmed (660). In Gliding Shahid Kamal and Bokhari got Category 'C', while Idrees, Mansoor, Nasir and Shafique got their Category 'B'. The performance of Shafique (369), Haroon and Ikram in Gymnastics was creditable.

It may not be out of place to mention the performance of our athletes. Arman Habib (594), who stole the limelight by winning all his four events, was declared the School Best Junior Athlete, and he is also good at other games. Mizan, Zillul, and Javaid Malik also did well for the Juniors. Among the Seniors, Saiful was adjudged the second best athlete. He secured 18 points and was closely followed by Shafique (14 points). Haroon, Hayat and Tiwana also gave good performances in their events.

The natural talent for dramatics in Shafique (369) was very useful to the House and he was able to organise a number of social evenings and a Variety Programme. Members of the Staff, Prefects and other guests were invited. We were able to discover new dramatic talent, while the older ones gave more accomplished performances. Those who acted well and won the first three prizes were Shafique (369), Jamal and Zaki. Others who did quite well were Saiful, Nasir, Gomes, Kalim, Haroon, Mansoor and Bokhari. CHACHA CHAKKAN, a play by Shaukat Thanavi in series, has been adopted by a group of boys led by Jamal, who provide a very befitting cast for these series.

News of old Saberites is also very encouraging, and no matter to whichever field they have devoted themselves they have achieved distinction. Waleed is Wing Under-Officer at Risalpur. Shaukat Khalil has gone to U.S.A. for further training in flying. Mustafa and Nurul successfully completed their training at Risalpur, while Tariq Nazir Syed, Qazi Solat Javed and Bakht Bedar have been doing well in the flying training. Mahmood Nisar Ali Beg (166) has joined the P.M.A. and Saleem Yunus (242) has gone to Canada for higher studies.

The House has further improved in appearance and our enthusiastic Gardener is maintaining the front plot well.

TEMPEST HOUSE REPORT.

<i>P. T. I.</i>	Mr. Mahboob Alam.
<i>House Captains :</i>	Mohd Humayun Khan (1st Term) Ozair A. Hanafi (2nd Term)

<i>House Prefects :</i>	Mohd Akram Khan & Maqsood Amir (1st Term) Jasheemuddin Ahmed & Ahmed Saeed (2nd Term)

An exceptionally small number of Seniors was the greatest handicap in both terms. When the boys left at the end of May, only eight Seniors were left and even with the promotion of the ninth entry in September, there were only 18 Seniors. It was often difficult to raise a Senior eleven and on some occasions Juniors had to be included to complete the team.

In spite of this unbalanced ratio between Seniors and Juniors, we were runners-up for the Chigwell Shield until the very end when Sabre, by winning the Athletics trophy, overtook us and we had to be content with the third position. To sum up, we were Champions in Boxing and Drill and runners-up in Debating, Hockey and Swimming.

House reports have become lists of successes and failures on the games field in the Inter-House Tournaments and this is no exception. In Cricket the Seniors were very weak. The Juniors, however, won two out of three matches, Ataullah's bowling average was the best in the Juniors while Basit's batting average was second best. We had no chances in Basketball but in Debating we did much better and were runners-up, Jamal securing second position among the Juniors.

In the Indoor Games our Juniors proved the best but our Seniors were last and we had to be content with the third position. Sikandar and Jamal were the Senior and Junior Draughts Champions.

In Swimming we had bad luck, as we lost to Attacker, our old rivals, by a single point, the final score being 45-44. We had a strong Junior Football team, which not only remained unbeaten but set up a record of not allowing any team to score a single goal against it. Well done Ataullah, the custodian ! But the Seniors were weak, which placed us third.

In Hockey our Senior team, under the able captaincy of Saeed (375), proved very strong and were the unbeaten champions. It was just bad luck that in the senior match against Fury, Basit scored a goal which was later disallowed by the referee, otherwise there would have been a different story to tell. Our Juniors were not very good and we had to be content with the runners-up position.

We were determined to get back the Boxing cup, which we lost last year on points, and we succeeded. Ozair and Irshad trained the team so efficiently that ten out of thirteen boxers reached the finals, while Ozair, Ilyas, Irshad, Tausif and Helal were the weight champions.

The House has been Drill Champions for the last three years and this year, too, our superiority was obvious and it was clear even before the event that the other Houses were competing for the second, third and fourth positions. Both our Senior and Junior flights were declared the best in the Competition. On Founder's Day our Junior flight was declared the best flight by the Commander-in-Chief, who was the Guest of Honour, and the Principal was kind enough to send the whole flight for a picture at his expense. Ozair was the Senior flight Commander, while the Junior flight was commanded by Jasheem and Muqet in turn.

In Athletics we were nowhere. Ozair and Shafiq pulled muscles and some sure events were thus lost. Wasim set up a new School record in the 80 metres Juniors Hurdles.

All candidates, except one, who appeared for the different Public Examinations were declared successful. Five appeared for the F Sc and all passed, two securing First Divisions. The four who appeared for the 1st Year Examination all passed, and Safi (356) stood first among the School candidates. In the Senior Cambridge four out of six who secured First Division were Tempestians. In the Matric. only one, Ilyas, appeared and he won a Scholarship. We were unfortunate to lose the Academics Trophy by only half a point. In the Annual Examination ten individual prizes were won by the House. The prize winners were : Syed Safi Mustafa, Mohd Ilyas, Abdul Muqeet, Ahmed Saeed, Jamal Hossain, Tariq Bari, Aminul Haq, Tanweer Afghan, Mominul Haq and Ikramul Haq.

Apart from the Inter-House Tournament, the competitions held within the House were well contested. At the end of the Summer Term the annual tea party was held and Sqn. Ldr. A. Quddus was kind enough to distribute the prizes. The following were the winners :

	Seniors	Juniors
<i>Table Tennis :</i>	Maqsood	Jamal
<i>Draughts :</i>	Sikander	Jamal
<i>Chess :</i>	Maqsood	Zaman
<i>Carrom :</i>	Irshad	Sultan.
<i>Debate :</i>	Muqeet	Tanweer
<i>Badminton Singles :</i>	Maqsood	Jamal
<i>Badminton Doubles :</i>	Ozair & Fareed,	

The General Trophy for Dormitory neatness academics, discipline and turn-out was retained by Dorm III. Imtiaz was the Dormitory Captain in the first term and Irshad in the second term.

A number of extempore and prepared debates were held during the year. Some of the interesting topics discussed were : "Wealth is a curse", "For the prosperity of Pakistan we need Industrial rather than Agricultural Development", "The Prefect System should be abolished in Public Schools."

Our Senior speaker, Muqeet, represented the School at the Inter-Public Schools Debate held at Abbottabad and the School team were the runners up.

Farewell parties were very common as the 1st Year and 2nd Year F.Sc. students, those joining Risalpur College, and those who left for good, were given a warm send off. A one-day picnic to the Jhelum, a three-day picnic to Kalar Kahar, and a tour of Taxilla, Hasan Abdal, Rawalpindi, Peshawar and Tarkhoom for those who stayed during the winter vacations are still fresh in our memories.

The purpose of the School is to prepare cadets for Risalpur and our House made no mean contribution. Out of ten cadets selected for the 38th G.D. (P) Course in August as many as five were Tempestians. Two of the three cadets (Ex-Sargodhians) sent for training abroad are Tempestians. One is Hasan Varis (ex-43), who is at Cranwell, and the other is Shahid Raza (ex-257), who is in the States.

Year after year Tempestians are proving their superiority and talents. Another feather in our cap this year was the unique distinction earned by Nasir Mahmood Butt (ex-207) in winning all three awards at the Passing Out Parade of Risalpur College held in January, 1963. Nasir was the second Cadet in the history of Risalpur College to receive all three awards. The first cadet was also an ex-Tempestian, Shoaib.

The recreation room looks more comfortable and attractive. Ladders for Table Tennis, Chess, Draughts and Carrom are up on the walls and most of the boys are keen to have their names on the card. A carpet has been provided for the ante-room which has added to the attraction of this well-decorated cosy room, already furnished with a radiogram.

A word of praise and gratitude is due to the out-going Assistant Housemaster, Mr. Khalique A. Qureshi, who was with us for three terms. During his stay here he showed a keen interest and enthusiasm in the House affairs and took great pains in training the House teams. Mr Zafar Alam, who has now taken over, was with us before. Let us hope he brings some good luck to the House.

ATTACKER HOUSE REPORT.

<i>Housemaster :</i>	Mr. S. Fasihuddin.
<i>Asstt. Housemaster :</i>	Mr. A. B. Chughtai.
<i>House Captains :</i>	Ali Azam (from Jan. 1962 to May, 1962). A. Qasem Chaudhry (from Sept 1962 to Dec. 1962) Faiz Mehdi (from Jan. 1963).
<i>School Prefects :</i>	Zahiruddin Mahmud (from Jan. 1962 to May 1962) Faez Mehdi (from Sept. 1962 to Dec. 1962)
<i>House Prefects :</i>	Shahid Zulfiqar and Zahid M. Rashid (from January 1962 to May 1962) Ejaz Syed and Kamaluddin Akbar (from Sept. 1962).

We lost the Chigwell Shield this year not because our boys did not put in their best but merely because a very large number of our Senior boys, whose achievements were mainly responsible for our having won the Shield the previous year, had to leave the School on completion of their studies. This exodus reduced the number of our Seniors to only nineteen. Consequently we sometimes found it extremely difficult to raise even a full seniors' team for some of the tournaments. Nevertheless, despite this handicap, our boys made a bold and determined effort to retain their supremacy at various games, and in fact they were until the Football tournament in October last, level with Fury House—the present Champions.

Warsi's sudden indisposition cost us the Indoor Games Cup, which we lost by a very narrow margin. However, the achievements of Aliuddin, Mushtaq Ahmed, and Qaiser in Table-Tennis and of Nazrul (353) and Fakhir Mehdi in Carrom were highly commendable. We won the cricket tournament quite comfortably, our Seniors winning all their matches and Juniors one. Zahid Rashid, Mushtaq Ahmed, Aliuddin and Shahid Aziz batted consistently well, while Masood (389), as usual, made good use of his off-breaks. Among the Juniors, Imtiaz, Mohd Hussain, Ayaz Ahmed Sipra and Raffat Saced made useful contributions.

We could not do well in Basketball and Debating because our teams were weak. However, Faez Mehdi, Akbar (351), and Shahid Zulfiqar (301) for the Seniors, and Qaiser for the Juniors, played with great skill in Basketball; while Lutful Anis, speaking for the first time in the Inter-House Debate, had the distinction of being declared the second best speaker among the Juniors.

Our victory in Swimming was a foregone conclusion though we must admit that the Tempest boys did give us many an anxious moment before we finally won. Here our Juniors deserve a special word of praise, particularly Hasnat, Rafatullah and Hasan Raza, who swam extremely well. For the Seniors, Amir in the front-crawl, Kamal (450) in breast-stroke and Kamal (395) in diving stole the limelight.

After the swimming triumph our debacle in Football and Hockey came as an anti-climax. We have no excuses to offer for our failure in Football. Our boys did their best; perhaps the luck was against us. What happened in Football was also repeated in Hockey but here we had at least the satisfaction of defeating the Furians—the winners of the tournament. Our boys played a highly spirited game in this match and Faez Mehdi's beautiful stick-work was a treat to watch. We failed to repeat our last year's success in Boxing and only two of our boxers—namely Qasem Chaudhry and Ishtiaq Bashir—managed to win their final bouts. However, Mahbubul Islam and Rana Javed Akhtar deserve a special word of praise for fighting so pluckily in their first appearance. Kamaluddin (395) and Lutful Anis were unlucky to lose their bouts by a very narrow margin, while Amir Ahmed Khan withstood the onslaught of his more experienced opponent, Ilyas of Tempest House, with remarkable courage.

Our last success of the year was in P. T. and Gymnastics, in which we beat Fury by a narrow margin. Our boys gave an impressive display in all the P. T. exercises and the standard of our gymnastics was equally good. Ejaz Syed and Faez Mehdi, as leaders of the P. T. and Gymnastic teams respectively, gave a good account of themselves. Our failure in academics was mainly due to the reshuffling of the classes after last year's Final Examinations. Nevertheless, two of our boys, namely Aliuddin, who stood first among the School candidates in the 1961 Senior Cambridge Examination, and Ali Azam, who was selected for an Inter-Wing merit Scholarship, deserve congratulations.

In Athletics we had tough opposition from Sabre House, who deservedly won the cup, but the performance of our boys on the whole was quite impressive. Three of our boys, namely Faez, Mehdi, Raffat Saeed and Ayaz Sipra enhanced the prestige of the House and also brought personal glory to themselves by creating new School records. Faez Mehdi also earned the distinction of being the best Senior Athlete. However, it was rather unfortunate that Warsi, one of the best sprinters that the School has ever known, could not get a correct jump in the Hop Step and Jump, thus losing the event which was surely his.

Our marching standard in the Drill Competition this year was much better than before, and although we could not get the Cup, our performance on the whole was

highly satisfactory. Warsi was adjudged the best commander among those of the Junior Flights while Ejaz Syed commanded the Senior Flight with great confidence. More Attackerites took part in gliding this year than ever before and five of them were awarded 'Wings' for going solo. It is heartening to learn that Niaz Nabi was one of the best gliders in his group.

As usual our boys were once again in the forefront in the various School activities and made a substantial contribution to the success of their Alma Mater. The victory of the School in the All-Pakistan Junior Athletics Meet was largely due to the excellent performance of the Attackerites, and Warsi was declared the best Junior Athlete for the third consecutive year—a unique honour for any institution. Seven Attackerites played regularly for the School cricket team during the past year. In other games, too, our contribution was no less impressive.

Outside the School the performances of our Old Boys were highly creditable. Fazle Qadir (ex-131) had the distinction of being awarded the Sword of Honour at the Passing-Out Parade of the Pakistan Military Academy, Kakul, in April, 1962. Seven of our boys were selected for Risalpur this year and the ones already there have been making very satisfactory progress. Two of our ex-boys, namely Mujib (206) and Saklaan (230), also joined the P.M.A. Kakul. Another of our old boys namely Sajjad Akbar has recently returned from the States after successfully undergoing a course in Jet Aircraft Training.

Our efforts to improve the condition of the House have continued unabated. The House Library has been provided with an 'Information Board' and it is hoped that the boys will make full use of it. The main idea is to improve the general knowledge of the boys. We are grateful to Badruzzaman and his assistants, Fakhir, Lutful Anis and Musharraf, for looking after the library so well. Improvements have also been made in the Radio Room, which now looks quite attractive with the addition of new multi-coloured cushions, a new Murphy Radio set and some beautiful pictures. Here a word of praise must be said for Nazrul (429), who has been taking so much pains to keep the room neat and tidy.

The standard of neatness and decoration in the dormitories has markedly improved. This has been largely due to the vigilance and active interest taken by the Dormitory Captains. Rafiuddin and Lutful Anis deserve congratulations as Dormitory Captains on the high standard of neatness in their respective dormitories.

A well-organized Variety Show in which Shahid Aziz (358), Shahid Zulfiqar (301), Faez Mehdi, Nazar Hayat, Kamaluddin (450), Kamaluddin Akbar (395) and Rafiuddin gave excellent performances, was held in March, 1962. The item 'Radio Mixture', which was superbly performed by the first three mentioned above, was greatly appreciated by the audience. The annual picnic to Kalar Kahar was as usual

very successful. Lastly a sumptuous dinner was arranged in May, 1962, in honour of the outgoing boys whose number was incidentally eleven.

In the end I must express my gratitude to Mr. A. B. Chughtai whose help and co-operation made it possible to run the House smoothly. I also thank the House Captains and Prefects for their assistance. My advice to the boys of Attacker House for the coming year is

‘Speak the Truth and keep your Promises.’

GUESS WHO

My first is some 13 years old,
 But his beard is a sight to behold ;
 His chin is so hairful
 He has to be careful
 Lest it trip him up—so I'm told.

My second is in Class 9B,
 He somewhat resembles a tree ;
 The rest of the class
 For his children might pass,
 Which seems rather funny to me.

My third is remarkably small,
 And exceedingly lazy withal ;
 Breaks rules left and right
 From morning till night,
 And never stops talking at all.

My fourth is from Eastern Bengal,
 And eating he loves most of all;
 He simply can't run
 For he weighs half a ton:
 An elephant we might him call.

My fifth is another long streak,
 As thin as a post—so to speak;
 He argues with prefects,
 Who point out his defects,
 And so does three drills every week.

My sixth one is proud of his might,
 His muscles indeed are a sight ;
 His quaint boxing style
 Caused spectators to smile
 And filled his opponent with fright.

My last is remarkably smart,
 In the Inter-House Plunge he took part;
 He fixed at the back
 A jetex power-pack,
 Which gave him a wonderful start.

ANON

THE CHIGWELL SHIELD, 1962-63.

The Chigwell Shield, awarded to the House which secures most points in the Inter-House Competitions throughout the year, was won by Fury—for the fifth time in 9 years. After five of the Competitions had taken place, Fury and Attacker were level, but then the latter faded out and Fury were not again seriously challenged for the lead. Sabre, who have had a very thin time in the past, made a welcome advance to second place. Let's hope they go one better next time and achieve their ambition by winning the Shield at last. This year they actually won more trophies than the winners, but they gained minimum points in four of the Competitions so they had to be content with the runners-up position.

The Inter-House rivalry seems to grow keener and keener every year, and after certain competitions a considerable number of boys can do little more than croak, so hoarse are they from cheering on their teams !

The result was as follows :

1st	Fury	66 points.
2nd	Sabre	56 points.
3rd	{ Attacker. Tempest.	49 points.

INTER-HOUSE INDOOR GAMES COMPETITION.

Fury House for the first time won the Competition, held on 26th February to 3rd March, by the narrow margin of 3 points from Attacker, with Tempest only 4 points behind. The result of the Competition—the most interesting for many years—was unpredictable until the very end. Tempest Juniors scored the highest points but their Seniors fared poorly.

The following competitors won all their matches :—

<i>Table-Tennis :</i>	(Juniors)	Sajjad (540F), Kaiser (495A),
	(Seniors)	Aliuddin (323A), Mushtaq (340A).
<i>Carrom :</i>	(Juniors)	Fakir (519A), Waheed (477F), and Riaz (470F)
	(Seniors)	Nazrul (053A), Malik (403S), Mansoor (410S)

<i>Chess :</i>	(Juniors)	Arshad (531F).
	(Seniors)	None.

CRICKET.

During 1962, the School team played 12 matches, of which 7 were won, 3 drawn and 3 lost—a very creditable record.

The fact that the team was able to score 248 for 5 wickets against the P.A.F. Station and 187 for 3 wickets against the Sargodha District Cricket Association, for both of which teams the P. A. F. bowler Dildar was playing, is a clear indication that the batting was well up to standard. Zahid scored 68 and 86 not out in these two matches. Shafique regained his old form in the second term, scoring 325 runs in 8 innings and being not out 3 times to give him an average of 81. Maqsood and Mehdi both played some good innings, while Haroon developed into a good forcing batsman, whose innings of 81 was largely responsible for our victory over Lower Topa in the first match.

The opening attack was never very strong and it was the spin bowlers who got most of the wickets. Maqsood's leg breaks often troubled the best batsmen, while Masood proved a steady off-break bowler. Idrees, with a mixture of off and leg breaks, played an important part in winning the second of the matches against Lower Topa.

In October, the School team was lucky enough to be coached for about a week by Mr. Maqsood Ahmad, the Pakistan Cricketer and National Coach.

Captain of Cricket in the first term was Zahid Rashid, and in the second term Shafiqul Haq.

School Colours for Cricket were awarded to Haroon and Masood. Old Colour holders were Zahid, Shafique, Mehdi and Maqsood.

The leading batting and bowling averages were as follows :

Batting

		Inn.	Runs	N. O.	H. S.	Aver.
Shafique	(335S)	13	437	3	81*	43.7
Zahid	(279A)	6	210	1	86*	42.0
Maqsood	(260T)	6	170	1	66*	34.0
Mehdi	(385A)	11	275	1	54	27.5
Haroon	(445S)	12	270	1	81	24.5

Bowling

		Wickets	Runs	Average
Maqsood	(260T)	19	191	10.0
Masood	(389A)	23	258	11.2
Zahid	(279A)	12	151	12.6
Haroon	(445S)	15	292	19.5

Details of the School matches are given below :

DEBATING.

The School participated in two Debating Competitions during 1962. The first was the All-Pakistan Inter-Collegiate Debate held at the P. A. F. College, Risalpur, on 9th and 10th February, 1962. The School representatives, Iqbal Javed Unus and Zakir Hassan, met with no success, possibly through lack of preparation.

In November the School team, consisting of Hasan Pervez and Abdul Muqeeb, went to Abbottabad to take part in the Inter-Public Schools Debate. The Abbottabad Public School was the hosts, and others competing were Hasan Abdal Cadet College, Lawrence College, Jhelum Military College and the P. A. F. Public School, Lower Topa. The School team did well to come second, while Hasan Pervez achieved a personal triumph by being declared the best speaker.

The Inter-House Debating Competition. 1962

This was held on the 2nd and 3rd April for Seniors and Juniors respectively. The subject for the Seniors' Debate was 'That in the Opinion of this House Foreign Aid is the Curse of Pakistan.' Zakir Hasan of Sabre was declared the best speaker, thereby breaking the monopoly held by Iqbal of Fury for the past three years. Iqbal, however, was so well supported by his team-mate, Hasan Pervez, that Fury gained a lead of 6 points over Sabre.

The topic for the Juniors' Debate was 'That in the Opinion of this House Young People should be stopped from seeing Films'. Nasir Hussain of Sabre was declared the best speaker, and as his team-mate, Mansoor Saleem, also spoke well, Sabre gained a lead which won them the trophy.

The over-all result was :

1. <i>Sabre</i> :	222 points.	3. <i>Fury</i> :	193 points.
2. <i>Tempest</i> :	196 points.	4. <i>Attacker</i> :	176 points.

BASKETBALL.

Our record of 13 matches won out of 18 was an improvement on the previous year in spite of a very heavy loss of good players like Salam, Bhatti, Rauf, Ehtisham, Mashkoor, Ghaffar, Akbar and Shahid—in fact, nearly the whole team. Fortunately Masoom, Jasheem and Iftikhar showed great improvement at forward and Shafique, Sikandar, Tiwana and Saiful as guards.

In the friendly matches we beat the P. A. F. School, Lower Topa, in both encounters, while against the P. A. F. Station, Sargodha, we gained one victory and suffered two defeats. The other three friendly matches—against the P. A. F. Sakesar, Government College, Sargodha, and T. I. College, Rabwah—were all won.

In October, we took part in the Sargodha Division Tournament and were unlucky to be beaten in the final by the T. I. College, Rabwah, whose team included three Punjab players. But our team more than made amends in November by winning the School Section in the C. T. I. Tournament at Sialkot against very tough opposition. In the final we met our old opponents, the C. T. I. 'A' team, whom we beat in a very close and exciting finish. The Sargodha District Tournament was unfortunately held during the winter vacation when most of our players were away and we lost in the final against the P. A. F. Station, Sargodha.

The School team consisted of :

1st Term : Mehdi, Rauf, Bhatti, Ehtesham, Mashkoor, Ghaffar, Masoom, Saiful, Tiwana, Islam Mustafa, Akbar and Shahid (301)

2nd Term : Mehdi, Masoom, Jasheem, Tiwana, Shafiq, Saiful, Irshad, Zia, Bilal, Iftikhar and Sikandar.

Captain : Faez Mehdi (385A).

School Colours for Basketball were awarded in 1962 to Masoom (418F), Shafiq (335S), Sikander (416F), Iftikhar (472F) and Jasheem (345T).

This year a high standard of play was witnessed. The Seniors, as well as the Juniors, both showed accurate shooting.

The highest individual points totals were scored by Rauf (81), Bhatti (73), Mehdi (39), Ehtesham (35), and Masoom (30) in the Senior matches; and by Riaz (42), Qaiser (40), Zafar (39), Hayat (37) and Zia (34) in the Junior matches. It is significant that five of the ten were from Fury House.

KHURSHID MOTI LALL.

SWIMMING.

The Inter-House Swimming Competition.

There was a very close and exciting struggle between Attacker and Tempest for first place. The latter were leading until the last but one event but Attacker then managed to overtake them to secure victory by a single point. They thus won the Championship for the eighth year running, but Tempest certainly gave them some anxious moments. Fury struggled hard and were never out of the picture, but the same cannot be said of Sabre, who trailed along well in the rear.

Although the general standard was perhaps not quite so high as usual, and no new records were set up, it was very satisfactory to see that for the first time there was not a single non-swimmer in the School. The policy of deducting points for non-swimmers has had very beneficial results.

The points scored and the House Swimming Captains were :

- | | |
|--------------------------------|----------------------------------|
| 1. Attacker (Qasem) 45 points. | 3. Fury (M.N.Saleem) 35 points. |

The Individual Swimming Competition 1962

As the Inter-House Competition is entirely a team affair, it was decided this year to hold an individual competition in order to give the best swimmers in the School a chance to compete against one another. Six points were awarded for a win, 4 for 2nd place, and 2 for 3rd.

Qasem (382A) came first in two of the three events and so qualified as the best swimmer, followed by Kamal (450A) and Irshad (411T). Amir (452A), a very good swimmer, was unlucky in having to retire with cramp in the second race.

Details of the Races were as follows:

3. Irshad 8 points.

FOOTBALL

It was a very successful year for the School Football XI. We played 9 matches in all, of which we lost only two, both against the P.A.F. Station, Sargodha, whose team included two PAF selected players. We played Lower Topa twice, once in the month of May on their ground and then in the month of November on our ground. We had a very narrow win at Topa but a convincing 6-0 victory at Sargodha.

After the F.Sc. class passed out in May, everyone anticipated that the vacuum created by the departure of the prominent players like Azam, Bhatti, Anwar, Mushtaq and Zaheer might not satisfactorily be filled by the youngsters, but fortunately we found excellent substitutes in Ghani and Masoom, with the result that the team succeeded in maintaining a very fair standard. Shafique proved to be the most prolific scorer of the year. A word of praise is due to Warsi and Saiful for their impregnable defence. Qasem contributed a lot towards the success of the team in the 2nd term. He was not only a good scorer but also a successful captain of the team.

Details of the matches are as follows :

Opponents	Result
Shaukat Club, Sargodha.	Won 4-0 (Mushtaq, Bhatti, Qasem & Jasheem)
P.A.F. Station, Sargodha.	Won 3-2 (Zaheer & Rauf).

- 2nd Term :* Mehdi, Warsi & Saiful, Ahsan, Ghani & Yusuf, Shafique, Masoom Qasem, Sikandar & Jasheem.
Also played : Ahmed Saeed, Ameer, Ameen & Ozair.

The School Captain in the first term was Ali Azam (215A) and in the 2nd term Qasem (382A). School Colours were awarded to Saiful (406S), Warsi (392A), Ozair (362T) and Mehdi (385A).

Saiful was appointed Captain of the team in February, 1963, on Qasem's joining the P.A.F. College, Risalpur.

The Inter-House Football Competition, 1962.

Sabre and Fury each scored 8 points, but the former secured the trophy because their Senior team, a very well-balanced and determined one, won all its matches just as it had done in the previous year. The match between Sabre and Fury Senior teams was one of the best ever witnessed, skill, spirit and clean play being very much in evidence. Attacker Seniors, usually a strong team, lost all their matches and so Tempest secured third position. Their 3-1 victory over the much stronger Attacker team was as creditable as it was unexpected.

The Junior matches were remarkable in that only 4 goals were scored altogether, and four of the matches ended in a draw.

The results were as follows :

Seniors.				Juniors			
Sabre	beat	Attacker	4-0	Tempest	beat	Sabre	1-0
Sabre	beat	Tempest	3-1	Fury	beat	Attacker	1-0
Sabre	beat	Fury	2-1	Fury	drew with	Tempest	0-0

HOCKEY.

The School hockey team was less active this year. Only nine matches were played throughout the year as compared to twenty-one played the previous year. In the first term only two matches were played, one against the P.A.F. School, Lower Topa, whom we beat by one goal, and the other against the P.A.F. Sargodha, who were too good for us and beat us by 6 goals to 3. The reason for playing only two matches in the first term was that most of the players were busy preparing for the F Sc. and 1st Year Examinations. The team in the first term was captained by Hamed Rauf, one of the best players the School has produced.

In the second term no fewer than eight players left the School on passing out, leaving gaps which it was difficult to fill, but we managed to get together a somewhat inexperienced team under the captaincy first of Faez Mehdi and later Ozair Ahmed Hanafi. We played seven matches in the second term, and of these we won six and drew one, while the School 'B' team lost one to the Staff. In our most important fixture against the P.A.F. Public School, Lower Topa, we won a great victory of goals to nil, though we were handicapped by the absence of one of our best players.

In the matches against the local High School teams and the Staff team, we hardly lost a match. Our seemingly weak team learned to combine and play with spirit, which enabled them to do well on numerous occasions.

In the first term Rauf was the spearhead of the forward line, ably supported by Zahid; while Mehdi, Ali, Bhatti, Ozair and Waheed Iqbal were the mainstays in the defence. In the second term, there was no player really outstanding except Ozair, the Captain, and Mehdi, at centre half, who always acquitted themselves creditably, while Ahmed Saeed, Shafique (335), Daud and Azad Ayub in the forward line did a good job.

School Colours were awarded to Ozair and Ahmed Saeed for the current year.

The School Team, with certain variations, was as under:

<i>1st Term</i>	Zaheer, Ali, Islam Mustafa, Waheed Iqbal, Mehdi, Gulzar, Iktidar, Rauf, Zahid, Ahmed Saeed (or Daud) and Shafique.
<i>2nd Term :</i>	Shafiq (369) (or Jasheem), Ozair, Haroon (or Saiful), Ghani, Mehdi, Shafique (335), Daud, Azad Ayub, Ahmed Saeed, Masoom, Riaz, Tiwana, Shafi, Basit and Imtiaz also played.

The Captain of Hockey in the first term was Hamed Rauf and in the second term Ozair Ahmed Hanafi.

The following are the details of the matches.

Opponents	Result
P A F Station, Sargodha.	Lost 3-6 (Shafique 1, Iqtidar 1, Mehdi 1).
P.A.F School Lower Topa(away)	Won 1-0 (Rauf)
Ambala High School.	Won 2-0 (Ahmed Saeed 1, Azad 1).
Government College, Sargodha.	Drawn 1-1 (Mr. Noor Mohd).

School Staff.	Won 4-3 (Azad 1, Daud 1, Shafique 1, Saeed 1)
P.A.F. School, Lower Topa(home)	Won 5-0 (Shafique 2, Daud 1, Azad 1).
School Staff vs School 'B' Team	Lost 2-3 (Daud 1, Imtiaz 1).
The Rest	Won 3-1 (Shafique 1, Azad 1, Basit 1).

INTER-HOUSE HOCKEY COMPETITION

In this competition of many upsets, Fury, thanks to their Juniors remaining unbeaten, secured the trophy with 8 points. Tempest, whose Senior team also had an unbeaten record, were second with 7 points; while Sabre and Attacker, with 5 and 4 points respectively, occupied the third and fourth positions. Although Attacker came last, they had the satisfaction of causing the biggest upset in the competition by beating the much stronger Fury team.

The results of the matches are given below:

Seniors				Juniors			
Fury	beat	Sabre	4-0	Tempest	beat	Attacker	2-0
Sabre	beat	Attacker	1-0	Attacker	beat	Sabre	1-0

INTER-HOUSE BOXING COMPETITION, 1962

This took place on the 6th, 7th and 9th December. There was a keen struggle between Tempest and Sabre for first place, the former winning by 2 points. The general standard was quite creditable and there was plenty of spirited fighting. Among the light weights, however, the boxers were too inclined to indulge in non-stop hitting without paying sufficient attention to defence or the accuracy and effectiveness of their punches. They thus found themselves practically exhausted in the third round.

The cups for the winners and the best loser—Akbar Ghani—were presented by the Commander-in-Chief on Founder's Day.

P.T. AND GYMNASTICS.

The School Gymnastics team did not, as in the previous year, have an opportunity of participating in any outside competition. It gave its usual display on Founder's Day. On account of the boys for the most part being younger, the standard was perhaps not quite so high as usual, although Masoom, the team captain, was outstanding.

The team consisted of the following:

Masoom, Mehdi, Qadeer, Shafique, Kamal (395), Irshad, Bilal, Shakeel, Riaz, Ikram, Arshad, Sipra, and Kausar.

The School Gymnastics Captains were Mohd Inayatullah (348S) and S. M. Masoom (418F).

Colours for Gymnastics were awarded to Masoom (418F), Irshad (411T), Kamal (395A), Bilal (461F) and Mehdi (385A).

The Inter-House P.T. & Gymnastics Competition.

This was held on 18th December, 1962. Fury, the winners for the previous three years, were beaten into second place by Attacker by a mere $\frac{1}{2}$ point. There was a fairly general opinion, however, that Fury were distinctly unlucky and their superiority in Gymnastics was so marked that it should have gained them a lead of more than a solitary point. Tempest were clearly the best P.T. team.

The details were as follows:

	P. T.	Gymnastics	Total
<i>Attacker</i> :	96	121	217
<i>Fury</i> :	94 $\frac{1}{2}$	122	216 $\frac{1}{2}$
<i>Tempest</i> :	101	106 $\frac{1}{2}$	207 $\frac{1}{2}$
<i>Sabre</i> :	86	99	185

The Commanders and Leaders of the teams were:

	P.T. Commander	P.T. Leader	Gymnastics Commander
<i>Attacker</i> :	Ejaz Syed	Kamal (395A)	Faiz Mehdi.
<i>Fury</i> :	Hasan Pervez.	Zafar Ahmed	Safi Masoom.
<i>Tempest</i> :	Abdul Muqet.	Imtiaz Haider	Irshad Mohd.
<i>Sabre</i> :	Shafiquel Haq.	Nasir Hussain	Abdul Haq.

THE INTER-HOUSE DRILL COMPETITION.

This took place on 3rd February, 1963. The standard, both of turn-out and performance, was higher than ever. Tempest, as in the previous year, were winners both in Seniors and Juniors. The Tempest Junior Flight scored the highest number of points, and they lived up to their reputation by being declared the smartest Flight at the March Past on Founder's Day.

Details of points are as follows:

	1st Flight	2nd Flight	Total.
<i>Tempest :</i>	151½	156½	308
<i>Fury :</i>	144	152	296
<i>Attacker :</i>	146½	147	293½

KHURSHID MOTI LAL.

FOUNDER'S DAY 1963

This year, on account of Ramzan, Founder's Day was held on Saturday, March 9th, nearly a month later than usual. The Commander-in-Chief of the Pakistan Air Force, Air Marshal Asghar Khan, H.Q.A., presided and was accompanied by Mrs. Asghar Khan.

The sky was overcast during the morning and rain threatened. Fortunately the skies cleared round about lunch time and conditions proved excellent as it was cooler than normal for the time of year. There was a goodly attendance of parents and distinguished visitors, but most welcome of all of course were the Old Boys from Risalpur and elsewhere. Those from Risalpur arrived by freighter in the morning and were permitted by the Commandant to stay until the Sunday evening. This enabled the School to play matches with them at Basketball and Cricket. The School won the former while the latter was a tie.

The first event was the March Past in eight 'flights'. This was of a higher standard than in the previous year, possibly because the Principal had promised a free cinema show to the smartest 'flight'. This was won by Tempest Juniors. This was followed by a Gymnastic display by the School team, led by Masoom, who proved himself a worthy captain by being the outstanding performer. Mr. Ali Sher, the instructor, showed that the passage of years has not yet impaired his agility.

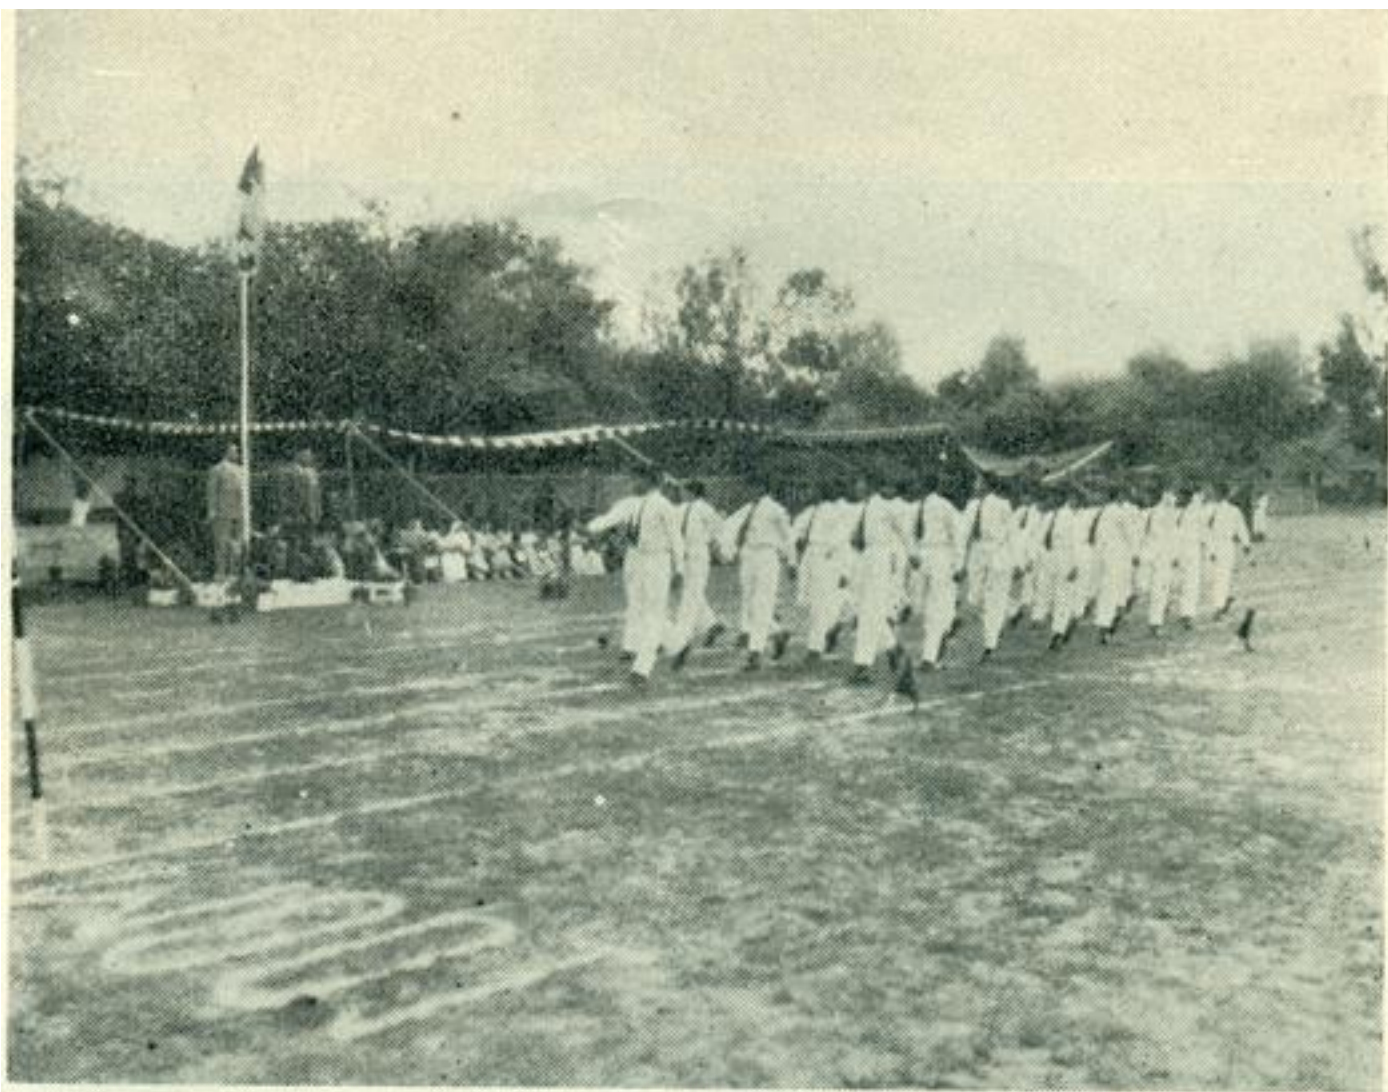

The aero-modelling display opened with successful flights by two gliders and a jetex model, but the rather strong wind brought disaster to the two free-flight models, both of which crashed within seconds of being launched. Fortunately the control-line models, flown by Hanif and Sajjad, did not suffer a like fate and flew well.

Some final's of the Inter-House Athletics Competition were the next item on the programme. Sabre, for the first time, carried off the Shield, with Attacker, Fury and Tempest occupying the second, third and fourth positions respectively. Faiz Mehdi was declared the best Seniors' athlete, Ozair Ahmed Hanafi, G. A. Warsi, and Saiful Islam tying for the runner's-up position; while Arman Habib was the Junior champion and Hasnat Ahmed the runner-up. The last two events of the Sports were the Old Boys' Race won by F/O Karim, and the Tug-of-War between the Staff and Old Boys. This last item provided the best fun of the afternoon, such numbers pulling on each side that it was nothing short of a miracle that the rope stood the strain. The result was indecisive.

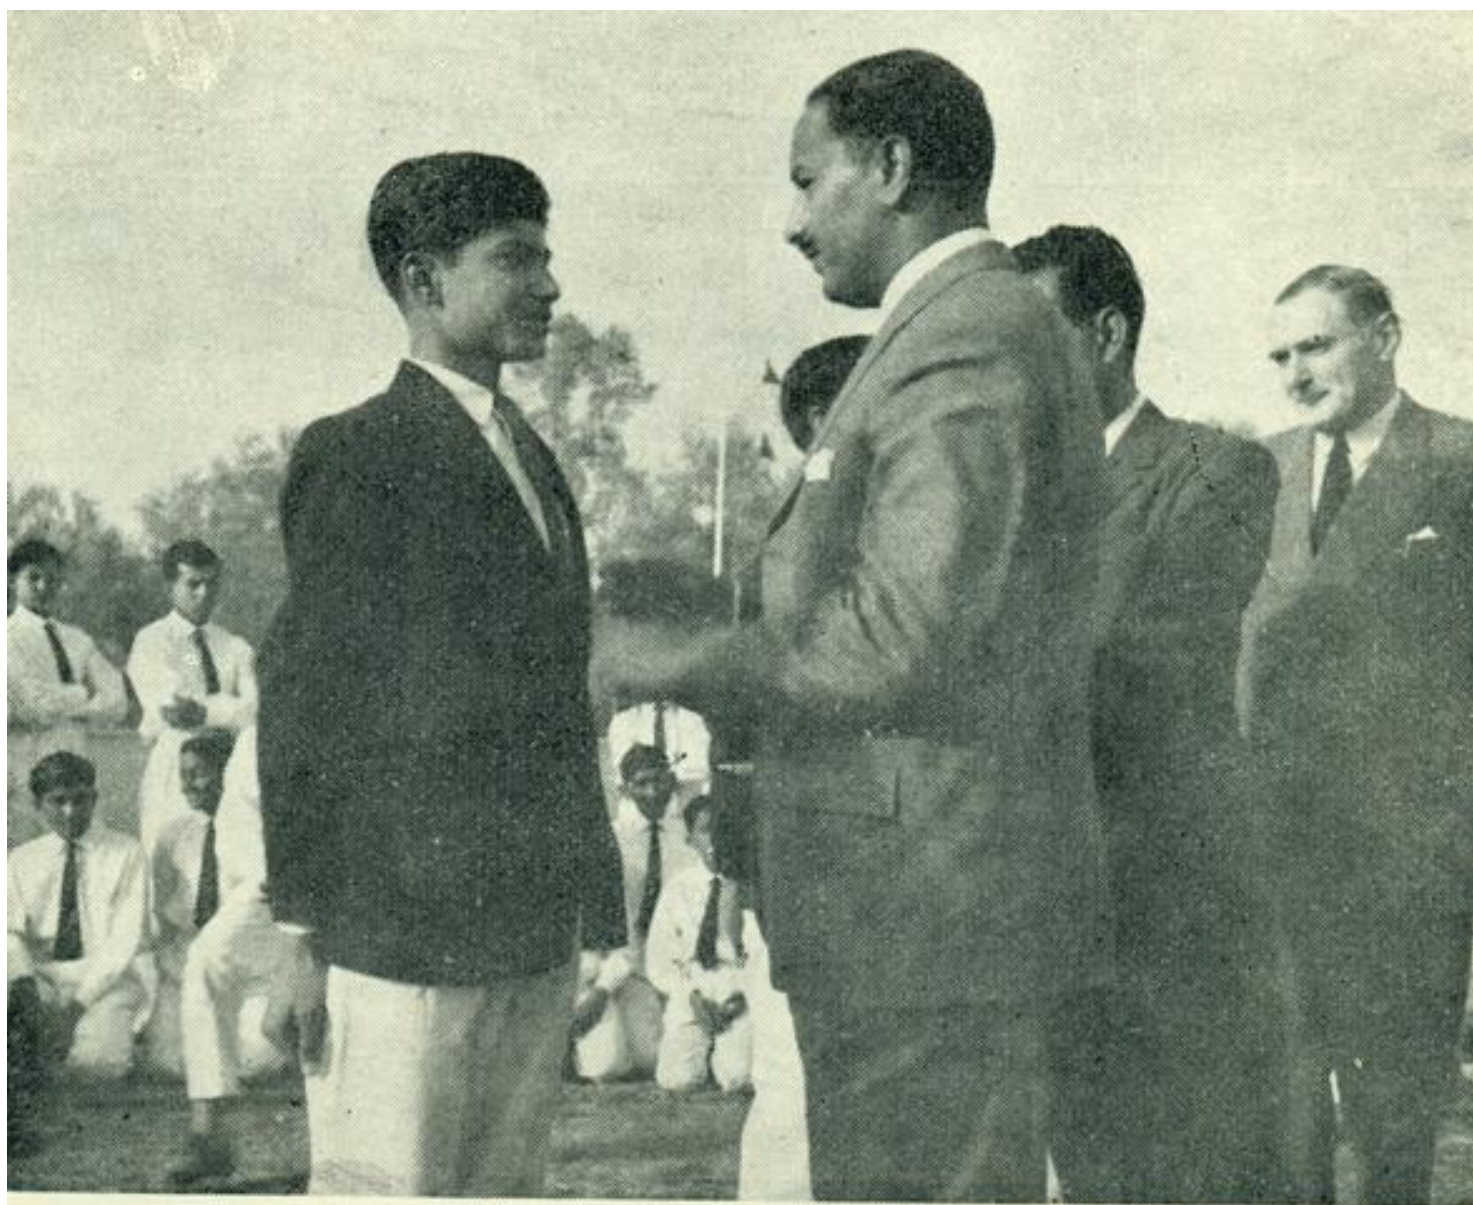

After a break for tea, the Principal gave a summary of the School's progress and achievements during the past year. Academic results, he said, had been highly satisfactory. All 15 Second Year F.Sc. candidates had passed, 7 in 1st Division, 7 in 2nd, and only 1 in the 3rd, while all 11 First Year candidates had also been successful. Of the 30 Senior Cambridge candidates, 28 had passed, while all 12 Matriculation candidates passed, 10 securing 1st Division, with 4 Scholarships, and the other 2 getting high second Divisions. The School Junior Athletics team had again won the All Pakistan Athletics Championship, held at Lahore, while the Basketball team won the C. T. I. Tournament at Sialkot. More boys had won their 'Wings' at Gliding than in any previous year. The ex-Sargodhians at Risalpur had been faring far better and had been securing top positions in the Entry and College tests. Nasir Mahmud Butt had won the Sword of Honour, the Flying Trophy and the Ground Subjects Trophy at the Passing Out Parade in January, 1963, while Waleed had become the new Wing Under-Officer.

After the Principal's report, the C-in-C presented 'Wings' for gliding to the boys who had won them during the year, the Academic prizes, and the House Trophies. In a brief address, he advised the boys to work hard and take full advantage of the opportunities they had in studying at one of the finest Public Schools in Pakistan. Only by so doing could they fit themselves to serve their country with distinction.

Before the C-in-C left, photographs were taken of him with those who had won their 'Wings' at gliding and also with the Old Boys, among whom we were pleased to welcome a very 'Old Boy', namely Mr. Stott, Headmaster from 1953 to 1958.

S.A.T.C. WING ACTIVITIES

Gliding

In March, 1962, Flt./Lt. Beg, who had been our Gliding Instructor for three years, left to join the staff at the P.A.F. College, Risalpur. During his time here, the number of boys who gained their 'Wings' steadily increased each year, and Gliding was run more efficiently than before. The School owes much to him for the hard work he put in, and many will remember him with gratitude and affection. A farewell tea party was held in his honour on 16th March.

Flt./Lt. Akbar took over charge on Flt./Lt. Beg's departure, and he was assisted throughout the year by Flt./Sgt. Hussain. Thanks to their able instruction, a record number of 31 boys gained their 'Wings', 4 of whom also achieved Category 'C'. It is worthy of note that the average number of instructional 'sorties' which a boy is given before going solo has been much reduced and many get their 'Wings' after 20 to 25 sorties. Gliding at the School has now reached the stage when every boy has his chance of gaining his 'Wings' before leaving and very few fail to do so.

The following boys won their 'Wings' during the year. The 'Wings' were presented to them on Founder's Day, 9th March, 1963, by Air Marshal Asghar Khan, the Commander-in-Chief.

Aero-Modelling

Aero-modelling activity was somewhat restricted by a shortage of 'kits, for beginners, but a number of free-flight and control-line models were assembled as well as jetex models and gliders.

It was unfortunate that the display on Founder's Day was to a certain extent marred by unfavourable wind conditions, which caused the two free-flight models to crash soon after take-off. However, the gliders flown by Bokhari and Ashfaq and Ghazanfar's Jetex performed well; while Hanif and Sajjad flew their control-line models without mishap and with considerable skill.

BIG SHOTS.

I am Head Boy, and I have the power
To give three drills, or 'Specials'—just one hour ;
And as about the School my way I make
How all the boys—and even masters—quake !

I am House Captain : three drills I award ;
And in my House I am a kind of lord ;
I tell the boys—and H. M.—what to do ;
The A.H.M is quite obedient too.

I am School Prefect : two drills are my ration
For boys who act in an unseemly fashion ;
The rules which I on others do enforce
Do not apply to such as me, of course.

I am House Prefect : I'm a smaller 'shot',
To give one drill is all the power I've got,
Of course I never punish any friend
Or boys who give me sweets their parents send.

I am Dorm Captain : if any little wretches
Annoy me, I give them 'bends and stretches' ;
Of course I let them off when they've agreed
To take me to the Canteen for a feed.

ANON.

THEN AND NOW

It's a human weakness when one recalls the past to remember only what was pleasant and forget all the trials and tribulations. And this applies especially when one recalls one's schooldays. When Old Boys of the pre-1958 period visit the School and tell the present generation of the 'Good Old Days', their listeners might well form the impression that it was a kind of paradise. Well perhaps it was—for the prefects, whose powers were practically unrestricted and who could bully the juniors to their heart's content. The latter certainly led a far less happy existence when I first came to the School in 1957 than they do now, when there is a more careful supervision over the prefects in the exercise of their authority. Another thing which makes life more pleasant now is that there are more picnics and outings to relieve the monotony of life in the 'Sargodha Central Jail.'

Boys live to eat (instead of eating to live) so let's first have a look at the Mess. In the 'Good Old Days' we had to eat off tin plates and the food was about in keeping with the utensils. Of course the Old Boy will tell stories of how the boys went on hunger strike and it all sounds very exciting, but he forgets what caused the strike, namely the inadequacy of the food both in quality and quantity. In 1958 there was a generous increase in the rations, of which the present caterer knows how to make the best use. The messing nowadays is far superior to what it was in those days. Moreover, there is proper crockery and cutlery and the tables all have a plastic covering, which has greatly improved the appearance and cleanliness.

The boys' Houses were little better than barracks in the 'Good Old Days' and nothing like so homely, comfortable and attractive as they are now. There were then no radios or record players as there are now in every House, and the facilities for games in the recreation rooms were about half of what they are now. Every House, moreover, is now provided with curtains throughout, plenty of pictures, attractive bedspreads, mosaic flooring, overhead fans in the prefects' rooms and more fans in the dormitories. Finally in every House there is an excellent little library which is a great boon.

Now let's proceed to the Educational Block, The most outstanding change here is in the library. When I was a new boy, the library consisted of a small number of unattractive books in miserable cases parked on the floor so that it was a back-breaking job to see what was in them. And it was hardly worth the effort in any case. Now the library has improved out of all recognition both in respect of the quantity of the books and the general arrangement. It is, in fact, a library which we can justly be proud of. Near the science block there is now an open-air auditorium, which proves ideal for the weekly cinema show, the Inter-House Boxing and Debating, and for any speech-making occasion. The acoustics in the hall are so bad that nothing can be heard

beyond the first two or three rows so the auditorium is a real boon. Talking of the Hall reminds me of how we used to sweat physically, as well as mentally, during examinations in the hot weather as there were no fans there in those days whereas now there are plenty. Another great improvement are the boards near the Principal's office showing the names of boys who have been selected for Risalpur and also the Houses which have won the Chigwell Shield. There are also some good pictures in this area.

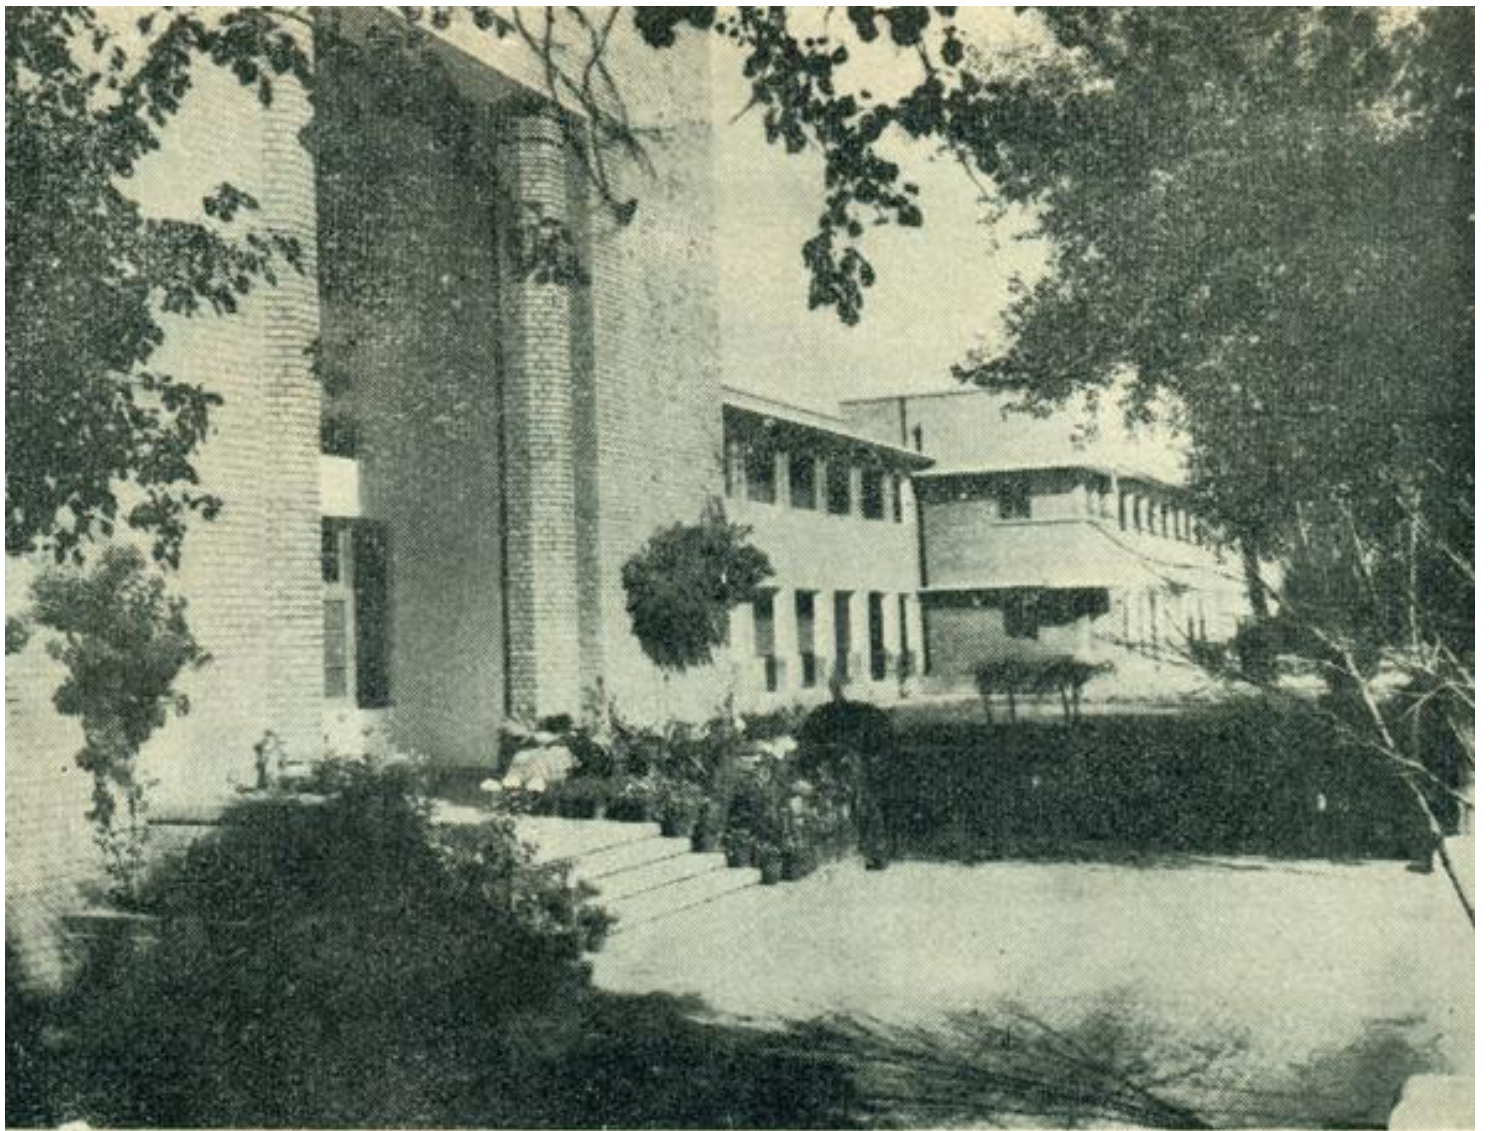

Our next visit must be to the hospital, now provided with proper hospital beds and blankets, games facilities, pictures, a radio, a small library, and throughly smart in appearance throughout with an attractive fountain in the well-kept garden. In the 'Good Old Days' when we were sick our beds had to be taken there from the houses, and the condition of the ward was depressing enough to make a patient feel worse than he really was. We were thankful to escape from it, but now, I must confess, it's rather the reverse.

The School grounds, too, are far better kept than they were formerly. There are now flower beds everywhere, the hedges are trimmed regularly and the roads kept cleaner. There was a time when only about one bulb in three of the road lights used to function, but this is no longer the case and the roads are well lit.

The educational standard is higher now. Boys take their Senior Cambridge on an average a year younger than they once did and results have improved. There are now Mid-Term as well as Terminal tests. Some boys may regard this as a step in the wrong direction, but undoubtedly it makes boys work harder and there is now an afternoon detention class for the benefit of idlers. Moreover, the results of all tests are sent in detail to the parents and this certainly is an incentive to work for all except the incorrigibles.

In games, in spite of the fact that most boys now leave the School considerably younger than they once did, the standard has shown little if any deterioration. The Basketball team won the last C.T.I. tournament, the Junior Athletics team won the West Pakistan Championship, records are still being beaten at athletics and swimming, while the cricket team was recently good enough to hit up scores of 248 for 5 wks. and 187 for 3 wks. against the bowling of Dildar, perhaps the best bowler in the P.A.F.

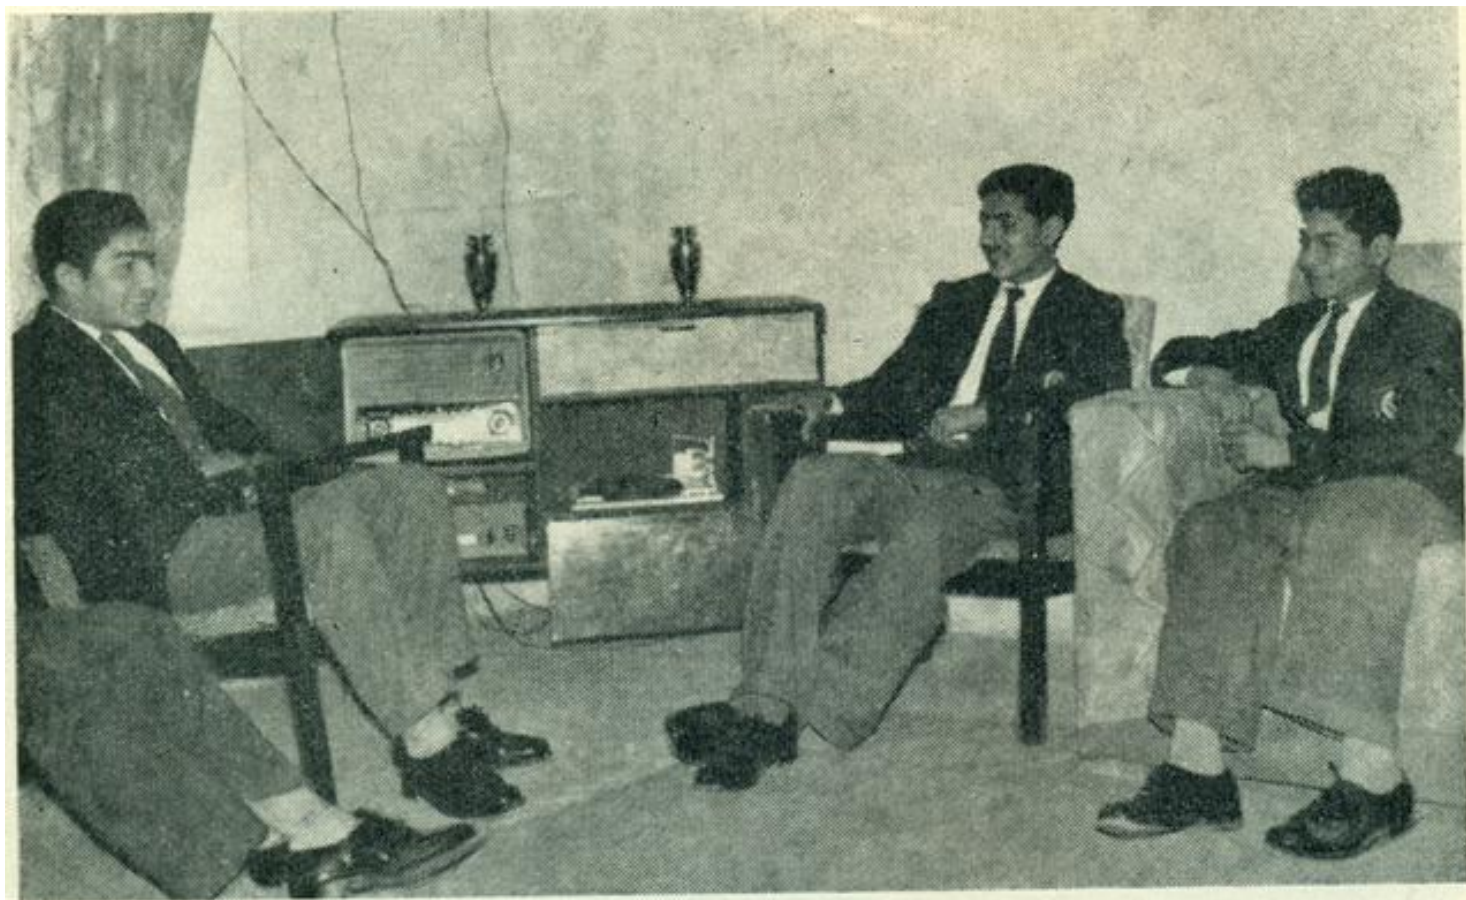

Inter-House rivalry for the Chigwell Shield is certainly far keener than it has ever been in the past, and Debating, Gymnastics and P.T. are now included in it. The Cross Country race has very wisely been dropped as it undoubtedly resulted in boys exerting themselves to the point of absolute exhaustion, which may well do permanent harm. Another very sensible change is the award of equal points for both Senior and Junior competitions—a great encouragement to the juniors.

The organisation of the Gliding in the 'Good Old Days' was very haphazard and very few boys got a chance of getting their 'Wings'. Now the Gliding arrangements are far more systematic and efficient, and every boy has a chance of participating in this useful and enjoyable pastime. Scarcely a boy now passes out of the School who has not won his 'Wings' and quite a number gain Category 'C' as well.

Well, I hope I haven't been unduly critical of the 'Good Old Days'. Improvements naturally come, or should come, as time goes on; and in the case of this School there have been many improvements since 1957 when I first joined. And when I hear Old Boys of the early generation spinning yarns about past incidents, I cannot help thinking of the Poet's words.

How strange the tricks our memory plays
 When we recall our early days;
 The ills forgot, the joys remain,
 We'd gladly live them o'er again.

But would we really? I wouldn't for one. It may be pleasant to talk about them and swop stories, but as far wanting to go through it all again, not a bit of it!

THE ISLAMIC SOCIETY.

The following boys were House representatives of the Islamic Society for the past year.

<i>Attacker :</i>	Shafi and Nazrul.
<i>Fury :</i>	Riaz and Ajmal.
<i>Sabre :</i>	Haq and Shafique.
<i>Tempest :</i>	Hanif and Saeeduz Zaman.

Ahmed Saeed (375T) was the Secretary and Ejaz Syed (391A) the Joint Secretary.

The beginning of the winter term saw the new team in action. Several meetings were held and it was suggested that a fund be raised for the victims of the flood in East Pakistan. The suggestion was approved and the Society was able to raise a sum of Rs. 275/00—an encouraging amount coming as it did from the meagre Pocket Money of the boys concerned.

During 'Ramzan' 'Travi Prayers' were held and a number of boys attended regularly. On the 27th of Ramzan, a ceremonial function was held in order to celebrate the 'Khatm-e-Quran'. A competition for 'Naats' and 'Recitation from the 'Holy Quran' was held ; two prizes were offered in each contest :

The following were the winners :-

	<i>First</i>	<i>Second</i>
1. Recitation from the Holy Quran	Arif (F)	Arshad (F)
2. Recitation of Naats :	Nasir (T)	Rafique (T)

After the prayers, Mr. Kazi delivered an informative speech on 'The Ideology of Islam' and its modern concept. The function ended with the distribution of sweets.

On the Eid festival the Society gave Eid Gifts to the children of Class IV servants.

On the occasion of a Dinnet Party, given by the Lions Club, the Secretary of the Islamic Society presented the gift of Rs. 275/00 for the East Pakistan relief fund to the Commissioner of Sargodha. The Commissioner expressed his appreciation of this generous contribution and he hoped the Society would continue to help such deserving causes.

Towards the end of the Summer term, a meeting was held to elect the new Secretary and the team. Riaz Khan (470F) was appointed the Secretary and Shafi (415A) became Joint Secretary. The new representatives from each House were as follows :

Attacker : Shafi (Joint Secretary) and Nazrul.
Fury : Riaz (Secretary) and Ajmal.
Sabre : Bokhari and Tiwana.
Tempest : Hanif and Zaman.

The Society owes its thanks to Mr. Kazi, its President, for his experienced guidance and great help, without which the Society would exist in name only.

AHMED SAEED (375T)

SCIENCE CLUB

President : Mr. Iftikhar Ud-Din.
Secretary : Saeed Anwar (366).

The Club aims at providing some practical experience in conducting experiments and assembling models to our young scientists. Here students see for themselves some of the scientific principles, learnt in the class room, put to practical use. The models assembled by the students, during the past years, have been put in a separate room, which will ultimately end up in a small Science Museum. Since this hobby requires a fair amount of technical knowledge, only a few senior boys work on it.

The main achievement of the Club members in the second term of 1962 was the assembly of a five valve radio set, which is giving excellent results.

SAEED ANWAR.

PHOTOGRAPHIC CLUB

President : Mr. Abdul Jabbar.
Secretary : Yusuf Kamal.

Photography is by far the most popular hobby in the School today. There are thirty-eight members of the Club who do their own developing, printing and enlarging. Apart from the fact that this has considerably reduced the cost of photography, the boys have also learnt precisely what happens during the production of the negative and the print, which is essential for the progress of the hobby. Much progress has been made by the members and some of their photographs are really praiseworthy.

There is more good news for the members. Mr. Rehman, our patron, has written to us from England that he has learnt the developing and printing of coloured photographs. So next term it will be possible for us to introduce coloured photography, which will be a real thrill.

YOUSAF KAMAL

CINEMA CLUB.

The club provides one film show every week for the staff and boys. With the arrival of a 'Bell & Howell' 15 m.m. Sound Projector from Air Headquarters last year, the quality of projection has improved considerably. Air Headquarters have promised to deliver us another 'Bell & Howell' Projector, which would be most welcome, because then we can project one film non-stop. The Club is gradually clearing off its debts, which were incurred by the construction of the Auditorium. After paying off all the debts, the club intends to provide the auditorium with a canvas roof. This would make the auditorium comfortably serviceable during winter.

We are grateful to the United States Information Centre, Lahore, for sparing us a 16 m.m. film projector for yet another year; and also for providing us with educational films. This film projector is used for screening educational films only. Thanks are also due to the British Council, Lahore, for their regular supply of 'The British News', and for the loan of educational films, which we have been getting from time to time, during the past year.

IFTIKHAR-UD-DIN.

THE SCHOOL NEWS SHEET.

During the last year not much has happened which can be put down in the form of a report. However, a major event which took place was the change of hands in the running of the News Sheet. The ex-Chief Editor, Iqbal J. Unus, left the School on completion of his studies, handing over the charge to Hasan Pervez and his team of reporters. The last News Sheet published under his editorship was PSS-152, dated 1-5-1962; he thus completed his third year as the Chief Editor of the News Sheet.

Two of our co-editors, Shahid Aziz and Ali-ud-din, also left the School, the latter having joined the P. A. F. College, Risalpur. The new team of reporters and co-editors, which started functioning from 6-5-1962, was as follows:

<i>Chief Editor :</i>	Hasan Pervez.
<i>Co-Editor :</i>	Abdul Muqeet.
<i>Reporters :</i>	Daud H. Beg, Irshad Ahsan, Nasir H. Khan, Basit Hamid.

In this report, we wish to express our gratitude and appreciation to Iqbal J. Unus, the ex-Chief Editor. It was mainly due to his energy, ability and conscientious devotion to the work that the News Sheet developed from a rather haphazard and scrappy production into a true record of School history. It has been our sincere endeavour throughout the year to follow the pattern of selfless devotion and hard work he had achieved earlier.

We are happy to report that during the course of last year, we increased the scope of the News Sheet to a great extent. For the first time a special reporter accompanied our Basketball team to Sialkot, where they participated in and won the C. T. I. tournament. On the spot accounts were published in the News Sheet, which proved to be of great interest to the boys. One of our reporters accompanied the sports team to Lower Topa and a complete report of the matches was published for the rest of the boys to read. This scheme seems to be very beneficial for not only did it provide a reliable first-hand account for the boys but also a detailed record for the School.

Another improvement since last year was the scheme of having the reporters wear special badges while they were on duty. This distinguished them from the rest of the boys.

Finally, the reporters and co-editors deserve to be congratulated on keeping such strict regularity in the weekly publication of the News Sheet and maintaining a really high standard of efficiency. We have truly lived up to our motto 'Truth is Supreme'.

A TRIP TO THE NORTH-WEST FRONTIER

It is a custom at this School for the East Pakistan boys, who stay here in the winter vacation, to go on a trip for three or four days. The trip is usually restricted to a range of 120 miles, so Lahore is the usual destination. It was therefore without much optimism that we approached the Principal and asked if we might go on a trip to Warsak and the Khyber in the last winter vacation. Imagine our amazement and delight when he agreed with scarcely a murmur, possibly on account of being pre-occupied with writing terminal reports, which spoil so many holidays. We vanished from his office in a flash before he had a chance of calculating the distance and perhaps changing his mind.

What a cheer we gave as at about 7 A. M. on the 11th January our party of 26 boys drove in the School bus through the gates of the 'Sargodha Central Jail', as we affectionately call the School. Boys are inclined not to appreciate fully the facilities and comforts the 'Jail' provides until they finally leave it and join some other institution. Then they heartily wish they were once again back in the 'Jail', which they miss more than they ever believed possible.

Mr. Taqvi, Tempest Housemaster, who was accompanying the party very wisely and considerately sat in the front with the driver so that we could 'let off steam' without any restraint. It was pretty cold at this early hour on a winter's morning,

but we kept ourselves warm by stamping so vigorously that the old bus, which in any case should have been pensioned off years ago, seemed likely to disintegrate. What with cheering, singing, cracking jokes, clapping, dancing, and tunes on a flute and mouth organ, we managed to pass the time pretty enjoyably. Then, after about a two hours' run, we reached the Salt Range. For about ten miles there was a fairly steep ascent with many twists and turns, and a precipice on one side. Some boys enjoyed it a lot, but others didn't feel so good and were thankful when we reached the top and the road became straight again. By this time the initial excitement had worn off somewhat and by the time we reached Taxila—our first objective—a number of boys were fast asleep.

On the lawn in front of Taxila Museum we had the packed lunch which we had brought with us. We then visited the museum, full of interesting relics of a long-past age, as well as two archaeological sites at Jaullian and Sirkap. The former, the site of an ancient university, was particularly interesting. During the hour or two which we spent at Taxila we certainly learnt more about ancient history than we do in months of studying dry-as-dust text books and notes. For the first time history seemed to come to life.

Our next stop was at the Cadet College, Hasan Abdal, where the acting Principal, Sqn. Ldr. Beg, had very kindly made excellent arrangements for our night's stay. Two of his sons were at our School and a third joined in the last entry, so he knew all about us. When we visited the mess—a very fine one—to our surprise we found an old friend—Mr. Qureshi, once our caterer, who was obviously delighted to see us.

Next morning we paid a visit to the Cement Works and the Ordnance Factory at Wah, where there is also a very fine mosque. At both places we were very well looked after by the authorities, who showed us everything of interest. We also visited the famous Sikh religious site known as Panja Sahib, to which thousands of Sikhs make a pilgrimage every year.

After having lunch at the Cadet College, we took leave of our hosts and set out for Peshawar, on the way crossing the famous Attock Bridge over the Kabul river. The huge fort, built in the time of Akbar, impressed us greatly. In the evening we reached Peshawar, where there was some delay as we had expected to be met by our Air Headquarters liaison officer. In the end some other officer very kindly showed us the way to the WAPDA rest house at Warsak, where accommodation had been arranged. After supper, we all slept soundly as the day had been a tiring and busy one.

Next morning we set out for the Warsak Dam—one of our main objectives and we were certainly not disappointed with what we saw. The huge lake formed by the Dam was a magnificent sight, while the turbines and power house, buried in the hill-

side, seemed a masterpiece of engineering. Our guide explained everything in detail though the terrific roar made him almost inaudible. However, we certainly learnt a lot more about hydro-electricity than we could ever learn from our text books.

After lunch we visited Peshawar, and after seeing various places of interest most boys went to see the inevitable picture while others called on friends whose homes were in the city. It was pretty late when we returned to Warsak.

The following morning was spent on a trip to the historic Khyber Pass. As we passed through the tribal area, we felt as if we were passing through some alien country. Nearly every man carried a rifle. The houses were quite primitive, being made of mud and with mud walls round them. We waved as we passed groups of young Pathan boys and they waved back, but our efforts to attract the attention of the Pathan maidens met with no similar response. The mountains on both sides of the road were wild and barren and the road itself seemed highly dangerous, so it was with a feeling of relief that we reached Torkham on the Pak-Afghan border, where Pakistani and Afghan soldiers are on guard a few yards distant from each other.

On our way back to Peshawar we stopped at Landi Kotal, where the few of us who could afford to do so made purchases at extraordinarily low prices, to the envy of those who had been less economical. In Peshawar the father of Atiq (629T) very kindly entertained us to tea and then very generously stood us a free picture, after which we made our way back to Warsak for our last night's stay there.

On the 15th morning we said good-bye to Warsak. After spending some time in Peshawar, we set off for Rawalpindi, lunching at Nowshera on the way. The bus broke down in Pindi, and when it had been repaired we made for the Officers' Mess in Chaklala. There we met several ex-Sargodhians, namely Khalid Raza, Shamim, Waheed and Shoaib, who looked after us well.

On the 16th we went to Chaklala airfield as we wanted to see the air display which was part of the Armed Forces Day programme. After this we drove into Rawalpindi where we saw a final picture before setting out for Sargodha at about 3 P.M.

This last stage of the journey was uneventful and nobody knows much about it as we slept practically the whole way. We reached Sargodha at about 10 P. M. After a welcome meal, we went straight to bed and were asleep almost as soon as our heads touched our pillows.

Thus ended a most memorable, enjoyable and informative trip. We had seen more of life in West Pakistan in these five days than in all our previous years' stay at the School and none of us is every likely to forget it.
